COMPLIANCE COMPONENT

Last Updated: 9/7/05

DEFINITION

Name	School District Code Table
Description	This document contains the basis for the creation of a school district data element standard for the delineation and coding of school districts utilizing a set of standardized names as well as both state codes and federal codes.
Rationale	Provides a set of guidelines in which the school district data elements can be uniformly defined, coded and maintained thereby allowing integration and interaction between state systems within Missouri as well as linkage to federal systems.
Benefits	• Used in statistical gathering of the population to observe and monitor the change in school district attendance, standardized scores, enrollment, school lunch program, and many other data components for the State of Missouri • Provides a baseline for the monitoring of changes within the school-age population • Provides a linkage between the federal coding system and Missouri's system.

COMPLIANCE DETAIL

State the Guideline, Standard or Legislation	State agencies shall use the following values for the School District descriptions and codes. Examples: **SchoolDistStateCode** **SchoolDistFedCode** **SchoolDistNameText** 29001090 2922980 Adair Co R-I 29001092 2905790 Adair Co R-II 29007123 2902850 Adrian R-III to . . . 29109002 2932310 Wright City R-II 29023094 2932440 Wyaconda C-1 29009079 2932490 Zalma R-V For the related element definition standards see **School District Element Standard**. The list of school district changes frequently due to consolidations of old districts

	as well as the establishment of new districts with increased population growth. As of July 1, 2005 the school district list contains 522 official school districts and code elements.

COMPONENT SUB-CLASSIFICATION		
Sub-Classification	Date	Additional Sub-Classification Information
☐ *Technology Watch*		
☐ *Variance*		
☒ *Conditional Use*		

Rationale for Component Classification	
Document the Rationale for Component Classification	The School District component will standardize the manner in which the School District name and coded data elements are captured and stored with the database. This allows for fluent and accurate interchange of common data elements between state agencies.

Migration Strategy	
Document the Migration Strategy	**Missouri State Interagency Migration Strategy** Agencies shall adhere to this standard when sharing common data elements. **Inter-governmental Migration Strategy** Agencies creating new applications should attempt to adhere to the data elements standards when defining the data definitions.

Impact Position Statement	
Document the Position Statement on Impact
